Corporate Sustainability

Chiayi Production HQ Factory Area: 110,000m²

The factory's roof is fully equipped with solar panels in response to green energy policies. The operation standards for wastewater purification systems and air purification systems exceed the benchmarks set by the Dapumei Industrial Park.

The factory area also planted more than 900 Taiwan native species, including *Cinnamomum kanehirae*, camphor trees, and Chinese hemlocks, creating extensive greenery that earned it the prestigious Green Beautification Special Award from the Dapumei Industrial Park.
